---

## EDUCATION AND BUSINESS EXPERIENCE

MainStreet Investment Advisors, LLC (“MainStreet”) has established employment standards for individuals engaged in providing investment advice to Clients. Generally, MainStreet requires a Bachelor’s Degree (or equivalent) from an accredited college and/or an appropriate professional designation (such as Certified Financial Planner or Chartered Financial Analyst), experience in the financial services industry, or such other qualifications as MainStreet deems appropriate for the position.

---

## DESIGNATIONS

- 1 The Chartered Financial Analyst (“CFA”) designation is issued by the CFA Institute. CFA candidates must meet one of the following requirements: (1) undergraduate degree and four years of professional experience involving investment decision-making, or (2) four years qualified work experience (full time, but not necessarily investment related). To receive the CFA designation, candidates must complete the CFA Program which is organized into three levels, each requiring 250 hours of self-study and each culminating in a six-hour exam. There are no ongoing continuing education or experience thresholds necessary to maintain the CFA designation. More information about the designation is available at <https://www.cfainstitute.org/>.
  
- 2 The CERTIFIED FINANCIAL PLANNER™, CFP® and federally registered CFP (with flame design) marks (collectively, the “CFP® marks”) are professional certification marks granted in the United States by the Certified Financial Planner Board of Standards, Inc. (“CFP Board”).  

The CFP® certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP® certification. To attain the right to use the CFP® marks, an individual must satisfactorily fulfill the following requirements:

  - Education – Complete an advanced college-level course of study addressing the financial planning subject areas (general principles of financial planning, education planning, risk management and insurance planning, investment planning, tax planning, retirement savings and income planning, and estate planning) and attain a bachelor’s degree or higher from an accredited college or university;
  - Examination – Pass the comprehensive CFP® Exam. The examination includes case studies and client scenarios designed to test one’s ability to correctly diagnose financial planning issues and apply one’s knowledge of financial planning to real world circumstances;
  - Experience – Complete the 6,000-hour Standard Pathway or the 4,000-hour Apprenticeship Pathway (under the direct supervision of a CFP® professional) (both are based on a 40-hour work week) of financial planning related experience. For a full description, go to <https://www.cfp.net/experience>; and
  - Ethics – Agree to be bound by CFP Board’s Code of Ethics and Standards of Conduct, a set of documents outlining the ethical and practice standards for CFP® professionals.
  - Individuals who become certified must complete 30 hours of continuing education hours every two years (including 2 hours of Ethics Continuing Education) and renew an

agreement to be bound by the Code of Ethics and Standards of Conduct. For additional information, go to <https://www.cfp.net.i>.

**NOTE: The marks described above are the property of/trademarks owned by the respective organizations.**
